### **ISA Annual Performance Report -**Reporting Tools Summary

**SPONSORED BY:** 

ISA's Annual Performance Report (APR) helps you put into context your overall financial and KPI performance with your industry peer group. Accurate data, dynamic reporting and personalized results gives you the confidence to make informed decisions to take your business to the next level.

## **NAVIGATION PAGE**

Provides an overview of the various reporting tools and brief descriptions of each application. This page is designed to allow users to quickly and effectively access each report.

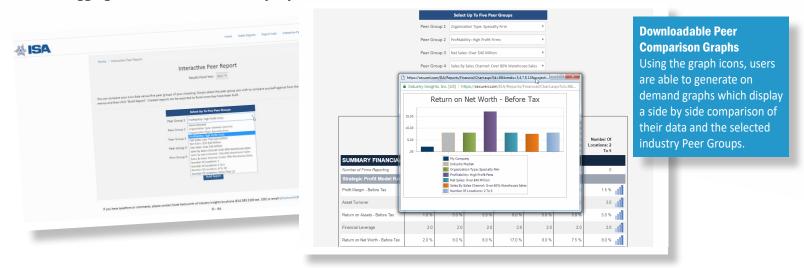

## **STATIC REPORTS**

This section of the site will house both the downloadable individualized Company Performance Report (CPR) as well as the ISA Annual Performance Report.

# **INTERACTIVE PEER REPORT**

This tool allows users to create customized Company Performance Reports on demand. The Peer Report Output shows a side-by side comparison of your submitted data and the selected Peer Groups. Peer groups encompass companies' aggregated results segmented by All Respondents, Profitability, Revenue, Number of Employees and other relevant data aggregations. All results are fully exportable to Excel.

Note: all data are confidentially maintained by Industry Insights, Inc., an independent research firm.

### **REPORT CARD**

The Report Card is designed to provide users with the ability to "grade" their key performance measures against similar companies in order to identify potential improvement opportunities. The Report Card will focus on the key operating ratios and will provide actionable feedback on the success and/or improvement areas for each respondent.

	Repo	ort Card
