

2019 W.I.S.E. Impact Award

The W.I.S.E Impact Award honors individuals from ISA member companies for their commitment to advancing the development and influence of women in the industrial distribution channel.

At last year's Summit we celebrated Kathleen Durbin as our first W.I.S.E. Impact Award recipient. We now need your help in finding our 2019 honoree.

The Award

The award is open to any person (male or female) from an ISA member company who has made a significant contribution to improve the careers of women in the channel. This work is in support of the W.I.S.E. vision, mission and objectives. The individual does not need to be a current W.I.S.E. member.

The Process

Nominations are now open through **July 26th**. The form is available below.

The nominees will be reviewed by a committee consisting of an ISA staff member; two W.I.S.E. committee volunteers and two W.I.S.E. Leadership Team members. The committee will recommend an award recipient to the W.I.S.E. Leadership Team and ISA President who will make the final decision on the award winner.

The selected honoree will be announced by **August 26th**. The award presentation will be held on **October 29th** at the W.I.S.E. Summit at the Ritz Carlton - Laguna Niguel.

With this award and process, we aspire to include individuals with diverse backgrounds that are representative of the entire ISA membership.

Any questions or further clarification please contact:
Gail Ludewig (gail@totalworks.net), Chair - W.I.S.E. Communications Committee

2019 W.I.S.E. Impact Award Nomination Form

About W.I.S.E.

W.I.S.E. (Women Industrial Supply Executives) is an ISA network providing personal and professional development for executive-level women from ISA member firms.

Vision

We advance the development and influence of women executives with the industrial supply channel

Mission

Foster a sustainable network of women executives leveraging expertise and relationships, focused on the professional development of women leaders

Goals

- Advance personal and professional development of women leaders through education and networking.
- Drive an engaged membership.
- Advocate reform for women's equality in industrial distribution.
- Promote recruiting and retention of women leaders in the field of industrial distribution.
- Support women in achieving success in the industrial supply channel.

Our Members

- Recognized for their knowledge, leadership and achievement within their companies and the industry.
- Dedicated to learning and supporting one another to achieve their full potential
- Embody a desire to use their influence to make positive change within the channel for other women.
- Share their experience and knowledge to help women who choose industrial distribution as a career path of personal growth.

W.I.S.E. Proactively Endorses

- Increasing the number of women in senior and influential roles.
- Strengthening the influence women have beyond their individual companies to the industry as a whole.
- Wage equality and opportunity for all women at all levels in the industry.
