## What's New in Industrial Vending & Inventory Management

4/21 2:45pm-3:00pm EDT

Join us for an exclusive first look at some of the new industrial vending machines that CribMaster has brought to the market this past year. In this session, you'll see new solutions that you can use for everything from basic consumable inventory management to specialized high-security for cutting tools. You'll leave with insight into the new offerings available in the market today, ready to deploy in your facility or for your customers.

### Speaker Bio:

Jessica Jordan

Field Marketing Representative, CribMaster

Jessica Jordan, Field Marketing Representative at CribMaster, has 14 years' experience in Sales and Customer Service in the manufacturing industry, primarily working with electrical enclosures. During her time at CribMaster, Jessica has worked closely with distributors in general manufacturing with a focus on the cutting tool industry. She's an expert in our core vending solutions and can help address industrial distributors and manufacturers' inventory management needs through hardware and software.
