

ISA EMERGING LEADERS

2021 Virtual Summit
Sponsorship Prospectus

October 5th, 2021

About the Emerging Leaders Network

Emerging Leaders is a forum to connect and grow next generation leaders. With this group, rising-stars can engage with their network by attending events where the curriculum is designed to provide leadership skills and the applied technical know-how they need to make a difference in their company. This winning combination exists nowhere else in the industry.

About the Emerging Leaders Virtual Summit

Title: Becoming an End User Expert

An interactive 6-part series that will do a deep dive on the [End User Compass](#), focusing on how next-gen talent can leverage all six wedges. After each session, attendees will participate in interactive round tables, curating a list of questions to be asked at the LIVE End User Q&A Workshop.

When: October 5th, 2021 10AM – 5:10PM ET

Where: Virtual Event

About the Target Audience Profile

ISA Emerging Leaders is a community of young professionals and high-potential individuals looking to develop their leadership skills and professional networks. This energetic group spans the entire MROP channel, bringing together manufacturers, distributors and IMRs from companies large and small. *Expected attendance is ~250 individuals*
