

The Industry's Only Peer Advisory & Leadership Growth Program for Emerging Leaders

A 12-Month Professional Development & Peer Advisory Experience

Program Overview

An elite 12-month professional training and peer network built exclusively for emerging talent within the industrial supply channel. The program structure combines expert-led on-demand industry curriculum with facilitated, small-group mastermind roundtables to ensure rapid skill adoption and strategic alignment with company goals.

Core Focus and Value

- **Zero Out-of-Office Disruptions:** 100% virtual, on-demand format requires only ~2 hours a month. No travel costs.
- **Immediate Execution:** Participants bring current real-world business challenges to solve with channel peers.
- **Pipeline & Retention Strategy:** Builds the real-world skills needed to step into critical, high-impact leadership roles.
- **Trusted Channel Network:** Builds a career-long inner circle of peers across the industrial supply channel.
- **Leadership Credibility:** Develops the strategic mindset and presence needed to influence teams and deliver results.
- **Industry-Focused Training:** Strict focus on practical distribution, manufacturing, and industrial channel dynamics.

Details and Logistics
